DENTAL SAVINGS PLAN!!!

Calcutt Family Dentistry Dental Savings Plan

Dr. Calcutt understands that it is important to have affordable dental options. He has created the Calcutt Family Dentistry Dental Savings Plan to provide individuals and families with excellent dental care at a reasonable cost.

Often times, oral healthcare is a forgotten part of overall good health. Dr. Calcutt is dedicated to healthy teeth and gums and wants to share with you a program that allows you to truly realize the benefit of good oral health at a fee that is affordable.

About the Plan

The Calcutt Family Dentistry Dental Savings Plan offers family dental care at a pre-paid, fixed rate and includes services for keeping your smile as healthy as possible while also detecting problems early before they can advance to more serious issues. The services included in the plan are all necessary x-rays, six-month preventative cleanings, periodontal cleanings (**), dental exams, oral hygiene instructions and oral cancer screenings.

Plan Benefits

By participating in the Calcutt Family Dentistry Dental Savings Plan, you simply pay a fixed cost and you will have the advantage of knowing exactly what your oral healthcare costs will be for the entire year. Since the plan is designed for adults and children, you can rest knowing that your entire family is covered under our plan. Also, you will receive a substantial courtesy on additional future services and procedures at Calcutt Family Dentistry.

Annual Membership Dues

- First Family Member \$350.00
- Second Family Member \$250.00
